

How to make use of the new Overdrive Reciprocal Lending Agreement

Using Download Destination

1. Open the Download Destination website, <https://tln.overdrive.com/>
2. At the top of the screen, there is a drop down menu called Partner Libraries. Click on it to open the menu.

3. Click on the partner cooperative you would like to browse.
4. A new tab or window will open, showing the Overdrive collection of the chosen partner cooperative. From here, you can browse, or search for titles.
5. To borrow, click the link to Sign In, just like you would using Download Destination. Choose your home library, and enter your library card number and PIN. Note that some titles may not be available to you, due to restrictions on borrowing at the partner cooperative.
6. Once you have borrowed the title, you're all set! Just like when using Download Destination, you can view your current borrowed titles, hold list, history, etc.
7. Please note that, to see what you have borrowed through a partner cooperative, you must be logged in on their Overdrive site. Loans and hold requests from them will not appear on your Download Destination account.
