

How to make use of the new Overdrive Reciprocal Lending Agreement

Using Libby

1. Please note that, due to differences in mobile devices, Libby may have different appearances, or work differently than seen here. If these instructions do not work, please bring your device in to the library, we will try to help.
2. Open the Libby app.
3. At the bottom of the screen, click on the icon in the center. This may appear as the Libby icon, or as three horizontal lines.

4. On the next screen, you will see a list of libraries you can borrow from. Choose **Add Library**.
5. Search for the name of the lending agreement library you would like to borrow from. They are: Great Lakes Digital Libraries, Lakeland Library Cooperative, Midwest Collaborative for Library Services, and Suburban Library Cooperative.
6. Once you have chosen, the next screen should ask you to add a library card for that cooperative. Click on **Sign In With my Card**
7. Enter your library card number and PIN. Now you should be able to borrow from that cooperative! Some items may not be available, due to restrictions at the partner cooperative.
8. To switch to a different cooperative, go back to the screen showing Your Libraries. Choose the cooperative you would like to use. Please note that, to see what you have borrowed or requested from a cooperative, you must choose that cooperative from the list, they will not be displayed in a different one.
